Parent Instructions:

Fill Out Details First: Use a fine-tip permanent marker to write your phone number, your child's name, and any other information needed.

Waterproof the Strip:

Cover both sides of the paper band with clear packing tape or a self-adhesive laminating sheet.

Trim and Smooth Edges:

Cut out the strip along the outer lines. Snip off any sharp paper corners to make the edges rounded and smooth against the skin.

Measure and Fasten: Wrap the strip gently around your child's wrist leaving 2 fingers of space so it's not too tight, but not so loose it can fall off. Secure with packing or transparent tape.

Other Placement Options:

Trick-or-Treat Bucket: Wrap and tape the strip around the handle of their candy bag or bucket.

Belt Loop or Zipper: Thread the band through a coat zipper or belt loop and seal the ends together to make a hanging loop tag.

Shoelaces: Loop the band through sneaker laces before fastening.
